Subject: Deposit account 503036 question on apparent extra amount withdraw

Dear Deposit Account branch:

In reviewing our May 2004 deposit account statement from the online access, we think that there is an extra withdrawal that should not have been made.

On May 5, 2004, sequence items 1 (\$330) and 2 (\$950) for serial number 10/018,606 appear to be correct, for a total of \$1280 withdrawn for fees applied to that application (our ref: A-417).

However, on May 6, sequence item 2 for 10/018,606, there is an amount of \$1480.00 that was taken out of the deposit account for that serial number. We think this amount should not have been taken out as we cannot see what particular fee that extra \$1480.00 would have been applied to.

Can you please check this and refund our account for the \$1480.00 overcharge?

Thank you.

If this is not the proper manner to contact you in regard to such accounting questions, please forgive us and please let us know how we should address this, since we are relatively new deposit account users.

Please let me know if you have any questions or if you need more information. (503-224-0115) I am on the west coast US, so I am in the Pacific Time zone, 3 hours earlier than Washington, DC.

Very truly yours,
James Walters
